

State title rematch live on GSN

The Saddleback Gauchos versus Riverside Tigers basketball doubleheader on Wednesday, January 20, will be broadcast live on the Gaucho Sports Network starting at 5:25 PM. Both the men and women's games will be available for a minimal fee via streaming video for those that cannot make the trip to Mission Viejo.

The early game will feature a rematch from the men's state championship game when No. 6 Saddleback (16-3) hosts No. 7 Riverside (14-4). Both teams are primed to make another run at an Orange Empire Conference title in a rivalry that has grown by leaps and bounds over the past decade, as both teams always seem to be in the hunt. Last season Saddleback prevailed in winning the conference title before falling to Riverside in the state title game, 69-60, in overtime.

The women's game is scheduled to tip off at 7:30 PM and also has the potential to be a tight battle. The Gauchos (10-10) have been playing better basketball as of late and would like nothing more than to upset the No. 13 Tigers (14-5), who have plans of winning an Orange Empire Conference title. The two teams played tight battles in 2008-09, with Riverside winning both times.

Saddleback and Riverside can be viewed on the Gaucho Sports Network for a minimal \$10 fee by signing up for the broadcast at the following link. The one-time fee will purchase both games of the doubleheader, and individual game purchase is not available at this time.

Please be sure to follow the instructions carefully once you have subscribed and understand that this is a live event, and will not be available for purchase following the event. You will need Windows Media Player to view the event. Just a reminder to those that sign up early, the broadcast will not go on the air until 5:25, so programming will not be available until that time.
